Mango Salsa Party

The elementary students at KCS want to find out who has the best mango salsa. Two students, Sally and Mikey, each claim that they have the best salsa. The food service department manager, Mrs. Camp, has generously offered to donate all the ingredients needed for each recipe. You will be assigned an ingredient and you are to **1) add the amount for each, and 2) subtract that amount from Mrs. Camp's total amount for that ingredient (see the teacher for the total amount).** Use the chart below. DO NOT write on this sheet.
